

Czechs Free Relief Worker

Will Leave For America In Two Weeks

By A. I. Goldberg
Prague, Czechoslovakia, April 16—(AP)—The Czechoslovak government today freed Miss Vlasta Vraz in a move officially described as intended "to better Czechoslovak-American relations."

Nervous after a week in prison, Miss Vraz said she plans to leave the country as soon as she can close the Prague office through which she distributed more than \$4,000,000 in American relief supplies for Czechoslovakia since 1945.

One of her first acts after her release was to telephone an aunt in Berwyn, Ill. Mrs. Augusta Psenka: "I am safe and sound. I am leaving Prague for home in about two weeks."

U.S. Protest Arrest

The United States has protested sharply against the secret arrest of Miss Vraz last Saturday, demanding her release and asked to be informed of the "specific charges, if any."

Zdenek Fierlinger, acting foreign minister, told U.S. Ambassador Joseph E. Jacobs today that Miss Vraz had been accused of complicity with persons plotting against the Communist government.

Miss Vraz, 38, told a U.S. consular representative in prison after being held incommunicado for three days she thought she was detained for an investigation into the political activities of others.

Released unconditionally, she went to the American embassy. Consular officials escorted her home. Because of her nervousness, embassy personnel advised her not to talk to interviewers.

Free To Leave

She is free to leave when she pleases. She has booked passage before her return to her home in Berwyn next month. The food situation here has improved and relief contributions from Czechs and Slovaks in the United States have dwindled since the Communists took over the government in 1948.

Fierlinger disclosed that President Klement Gottwald had received a telegram from Rep. Adolph J. Sabath (D-Ill.), who was born in Czechoslovakia, asking for the release of Miss Vraz. The acting foreign minister said he knew Sabath and indicated the telegram had been partly the cause for the speed with which she was freed.

Some softening in the police attitude on western power problems in Czechoslovakia has been indicated. This course coincides with the fact a Czechoslovak trade delegation is on the way to Washington and that Czechoslovakia hopes to resume trade talks with Britain by May 30.

In Washington, Rep. Sabath told a reporter he had been in touch with the State department and Czech government officials in regard to the case of Miss Vraz.

Sabath said he has known Miss Vraz' family since he came to this country from Czechoslovakia.

Ten-Year-Old Boy Wants His Mother Home For Easter

Latrobe, Pa., April 16—(AP)—Andy Tompos, Jr., is a grave-eyed freckled little boy with a great big problem. He wants a mother for Easter.

"I'm always worrying where I'll go when my grandpa dies and the ten-year-old in faded denim and a tattered shirt explained.

Andy, a third-grader, presented his problem in a letter to a local newspaper. Editors gulped as they read the childish scrawl:

"Dear Friend:

"I am sending you my picture. I am little boy 10 years old. Andy Tompos Jr. My address is R.F.D. Box 205 Latrobe, Pa. Everybody that has a mother has good luck. Everyone loves their mother. Maybe (sic) my mother will see my picture. Please mother come see me mother I love you. My grandfather is pretty old and sick a winter. Maybe my Easter bunny will bring me my mother please put it in the Easter Sunday paper I love my mother. Write how much it cost. I will pay."

The paper investigated. Andy lives in a neat four-room house with his Ukrainian grandparents, Mr. and Mrs. Andy Obywanuk in nearby Beatty Mining Patch. They explained they have not seen his mother, Helen, in five years. His father disappeared before he was born.

STEER ON THE LOOSE

Hamilton, Ont., April 16—(AP)—Police chased a steer two miles through downtown streets today before killing it.

The animal escaped from a packing company. Constable Ernie Smedley downed it with a shotgun blast just as it charged a group of children.

U.S. Optimistic That Shooting War Is Long Way Off

Washington, April 16—(AP)—More than at any time during the past three exclusive years, top American officials are optimistic this Easter that the west will be able to avoid a shooting war with Russia indefinitely.

But their hopes encounter the equally strong belief that the east-west conflict may continue full tilt on the propaganda, political and economic fronts for five years or even longer.

These estimates stand out as the ones most generally held here by state department and defense leaders on the future course of the cold war. They disclose within one year a radical change in the world situation and a parallel change in the thinking of many leaders.

Two great trends in the affairs of the two worlds—western and communist—have produced this radical change.

One is the trend to independent thought and action behind the iron curtain. This big break for which western leaders had long been hoping suddenly was realized last summer when Marshall Tito split with the Kremlin's conformist organization. Although he remains a staunch communist and is held in high suspicion by western leaders he is nevertheless considered by these leaders an extremely valuable thorn in the side of the Russian bear.

Many Protest Cat Nuisance Bill Passed By Solons

Chicago, April 16—(AP)—Is a cat a public nuisance when not on its owner's property?

If Governor Adlai Stevenson signs a bill approved by the legislature this week, the tabbies will be just that. Under Illinois law when not at home, and all the purring they can do won't change the situation.

The cat control bill, which was described by its sponsor as a measure to protect birds, has wounded many a pet owner.

Letters and telegrams of protest have been arriving at the governor's Springfield office in bundles. Anticruelty societies, humane societies, the Animal Welfare League and Orphans of the Storm have gone on record as opposing what the lawmakers have done.

The bill was shepherded through the General Assembly by Miss Gertrude Charny of Chicago, a little white-haired woman who heads an organization called Birds, Inc.

Its provisions make a cat who takes a stroll around the block subject to capture by any person, who may turn the animal over to law authorities. The owner must pay one dollar to reclaim the pet.

Predicts Further Production, Price, Income Declines

Washington, April 16—(AP)—The Bureau of Agricultural Economics predicted today further declines in industrial production, prices and income during the last 15 months reflect a leveling off of economic activity, the bureau said, as well as an easing of inflationary pressures.

"The tremendous demand for most types of consumer goods seems to be slackening," the bureau said in its monthly economic forecast report. "Backlog demands that carried over from the war years have largely disappeared, and recently savings by consumers have increased."

Any decline in business activity, the bureau said, would mean a weaker demand for farm products than last year. If farm production is large again this year—and prospects point in that direction—some further price declines in farm prices could be expected to follow, it was noted.

"A sharp, overall decline (in farm prices) is not expected, however," the bureau said.

Allies Face Crisis In Plans For Civilian Rule In Germany

Frankfurt, Germany, April 16—(AP)—The western allies face a crisis in the next 10 days in all their plans for a West German government.

American officials are steeped in pessimism on the eve of two fateful meetings which may block formation of a German Republic and rupture plans to substitute civil for military controls.

These meetings are: First, a caucus in Hannover next Tuesday and Wednesday, of the social Democrats (SPD), one of the Western Germany's two big political parties; second, a conference the following Monday between western military governors and a delegation from the parliamentary council at Bonn.

The parliamentary council has labored nearly eight months to hammer out a constitution. Now it is deadlocked. The SPD and the conservative Christian Democrats (CDU) are tied in a knot over the question: should the constitution blueprint a strong centralized government or "state's rights" administration?

The SPD demands a strong central government. The CDU favors more power for the states. The military governors have recommended that financial and taxation powers be left to the states. The SPD has refused to go along.

Well-informed sources say there are three ways the stalemate may be broken.

The SPD might make concessions. The CDU, with support from some other small parties, might ram through the council at Bonn a constitution which would win approval of the occupying powers. Then it would be up to the German people to ratify or reject the council's work.

The military governors could dissolve the council and ask the states to convoke a new one. Some officials say public pressure would force selection of a more conciliatory group. But such action is looked upon as a last resort.

World Unites For Easter

58th Continental Congress Of DAR Will Open Today

Washington, April 16—(AP)—Nine daughters of the American Revolution have tossed their Easter bonnets into the ring as candidates for vice presidents general on the eve of the DAR's 58th Continental Congress.

Early registration for the convention, which opens tomorrow, indicates one of the largest in years. DAR headquarters expect 5,000 delegates, alternates and members. The organization now has 154,000 members.

Mrs. Roscoe C. O'Brien of Brookville, Ind., holds office as president general until after the 1950 convention but this year there are nine vacancies among the 18 vice presidents general.

As nominations are not made until Wednesday night, it is considered possible that additional contenders will come forward. Those already in the field include:

Five DAR state regents—Mrs. Edward R. Barrow, Houston, Tex.; Mrs. Puel Robert Burns, North Manchester, Ind.; Miss Gertrude Sprague Carraway, New Bern, N. C.; Mrs. Henry Grady Jacobs, Scottsboro, Ala.; Mrs. Chester F. Miller, Saginaw, Mich.; and the following former state regents—Miss Edna Stannard Gibson, Buffalo, N. Y.; Miss Mabel Grapton, Nampa, Ida.; Mrs. J. DeForest Richards, Chicago, and Mrs. Mark A. Smith, Macon, Ga.

The first seven candidates winning the largest number of votes will serve three years. The one placing eighth will have a two year term, and the one scoring ninth will have a one year term.

Kills Father Of Girl Who Rejected Him, Defies Police

Merrick, N. Y., April 16—(AP)—A young suitor who was rejected by his sweetheart shot her father to death today and then held police at bay for an hour while he begged her forgiveness.

The rebuffed youth, 22-year-old Dewitt Combs of Wantagh, N. Y., defied a barrage of teargas and a score of police after barricading himself in the girl's home.

While holding off police with a shotgun, he pleaded with the hysterical girl to forgive him for slaying her father, Francis S. Fay, 53, and begged her to "be my girl again."

Police said the handsome youth killed Fay with a blast from his shotgun in a gun battle in the darkened Fay home.

Combs finally surrendered meekly after a policeman crept to a window of the home in a quiet residential area here and shouted assurances that neither he nor the girl would be harmed if he gave himself up. He was booked on a first degree murder charge.

Charges U.S. Far Eastern Affairs Soft To Russians

Washington, April 16—(AP)—Senator McCarran (D-Nev.) charged today that the state department's division of far eastern affairs is "definitely soft to communist Russia."

He made the charge in a statement accusing the state department of opposing "even the suggestion of any aid to fight the rising tide of communism in Asia."

McCarran is the author of a bill to authorize a \$1,500,000 loan to help the Chinese nationalist government fight the Chinese communists. Secretary of State Acheson condemned the proposal in a letter to Chairman Connally (D-Tex.) of the Senate Foreign Relations committee. Acheson said it would involve this country in an undertaking of such magnitude it "would almost surely be catastrophic."

Senator Bridges (R-NH) expressed strong resentment over Acheson's attitude and said congress ought to make a complete investigation of the state department's treatment of Chinese affairs. McCarran jumped into the discussion in a statement issued through his office here.

CLARK'S SON WEDS

Corpus Christi, Tex., April 16—(AP)—Miss Georgia Welch, 26, of Corpus Christi and William Remsey Clark, 21, son of U. S. Attorney General and Mrs. Tom Clark were married in an Easter eve ceremony tonight.

NAMED PRESIDENT

Omaha, April 16—(AP)—Walter Kamprecht, head of the Minnesota School of Business in Minneapolis, today was named president of the Midwestern Business Schools Association. A new member of the board is A. R. Beard, Peoria, Ill.

Outdoor Services Mark Resurrection

By The Associated Press

Christians throughout the world were united today in celebrating the age-old story of the resurrection.

Religious services to mark Easter were scheduled for the ancient cathedrals of Europe and in the tiny churches of crossroad hamlets.

Two hundred thousand persons were expected to gather in the Wichita mountains near Lawton, Okla., for what may be the largest outdoor Easter service in the United States.

Thousands will crowd into the centuries old St. Peter's church in Rome, Notre Dame in Paris and St. Paul's in London.

Celebration of the resurrection began yesterday in St. Peter's with the coronation blessing of the fire in the entryway to the Basilica.

Four Day Holiday

In Great Britain, Western Germany, Czechoslovakia and some other countries the Easter weekend brought a four day holiday.

For all of Western Easter meant rejoicing over a new blossoming prosperity stemming from their own labor and from the European recovery program.

The voice of America plans a full day of Easter broadcast to countries in the Soviet bloc in Eastern Europe.

In the United States the weather man promised to cooperate with the traditional fashion parades and egg hunts. Fair and somewhat cool weather was forecast for nearly all of the country.

While the Lawton, Okla., outdoor service seemed destined to be the largest in the nation, 75,000 probably will be at Fort Lincoln in Washington, D.C.; 65,000 at Chicago's Soldier Field; 60,000 at Pasadena's Rose Bowl; 50,000 at Miami's Orange Bowl and 35,000 at the Hollywood Bowl.

Traditional Ceremonies

Impressive outdoor amphitheaters will be used for many ceremonies, some of them with a tradition running back for years.

These include the south rim of the Grand Canyon to the Colorado river in Arizona, the garden of the gods near Colorado Springs, the park of the red rocks near Denver, Mount Rubidoux in Riverside, California, Hot Springs mountain in Arkansas, and Woodland sanctuary near Lake Wales in Florida. Some of these ceremonies will be at dawn.

At Rindge, N.H., an outdoor altar made of stones from flying fields all over the world will be used for Easter prayers. The site is a shrine to America's dead of World War II.

A cross of Easter lilies will be laid at the tomb of the unknown soldier in Arlington cemetery across the Potomac from Washington. About 15,500 are expected for the services in the national cemetery.

President Truman and his family will spend Easter quietly with no guests at their temporary Blair House home. Margaret Truman, studying voice in New York, went to Washington for the week-end.

New York will have an all-nations service in Central Park.

Twice again guarded the way to the holy sepulchre in the old city of Jerusalem. Military authorities, however, made special arrangements for Christians to cross the lines to attend an Easter mass in the historic church there.

Throughout Europe, the weather was unusually mild.

SPCA Wins Battle To Free Chicken From Glass Bottle

Houston, Tex., April 16—(AP)—Alice no longer is in her glass bottle. The six-week-old chicken was released today after her owner, Clyde Rocco, Houston grain dealer, reached a compromise with the local chapter of the Society for Prevention of Cruelty to Animals.

Alice had been placed in the five-gallon glass bottle February 28 when she weighed only an ounce. When the bottle was shattered today the chicken weighed approximately 21 pounds.

"It all started, Rocco says, as a feeding experiment 'just to prove that chickens can develop properly as long as they have good feed.'"

But the SPCA didn't agree. Its officials said Alice was uncomfortable. Attorneys representing Rocco and the society conferred and agreed Alice should be released today instead of next Monday as originally planned.

INJURED SERIOUSLY

Tuscola, Ill., April 16—(AP)—Elvis Weathers, 60-year-old Newman, Ill., grain elevator man, was injured seriously today in an auto-truck collision five miles east of here.

He was brought to Jarman Memorial hospital here with a number of broken ribs and a punctured lung.

All Berlin Airlift Records Shattered By 12,940 Ton Day

Berlin, April 16—(AP)—Allied fliers shattered all Berlin airlift records today and said they proved combat divisions could be supplied by air alone.

U. S. and British airmen set out to learn just how many planes could be landed here in a 24-hour period.

The result was: 1,398 flights from western bases to Tempelhof, Gatow to Tegel fields in blockaded western Berlin.

12,940 tons of food, coal and machinery—equal to 22 trains of 50 freight cars each.

Air force officers disclosed the purpose of the giant effort after the last span landed at Tempelhof, the U. S. base.

The ship-to-tower radio control system was pushed to the "absolute saturation point," a high officer said, adding:

"There were no mishaps. It was a perfect performance."

The airlift commanders chose a perfect weather period for the venture. The skies were cloudless from Berlin to the Rhine.

It was a huge Easter present for western Berlin. The previous daily record was 8,246 tons, set April 11.

Collapsing Cliff Just Misses Town In Washington

Salmon Beach, Wash., April 16—(AP)—An earthquake-loosened cliff gave this little colony a breath-taking brush with disaster today.

A threat of another possibly disastrous slide continued to hang over the settlement of 108 homes, six miles from downtown Tacoma.

A side of a cliff broke loose and roared past the community at 2:55 a.m. It hit Puget Sound so hard it kicked up an estimated eight-foot "tidal wave" to wreck nearby small boats and waterfront installations.

There was only a 20-yard gap between the end house of the fishing and beach settlement and the edge of the tremendous slide, which was close to a thousand feet across. The roaring cliffsides spread pre-dawn panic in the community.

A narrow crack opened along the top of the 400-foot high cliff by Wednesday's earthquake was blamed for the slide. An extension of the crack runs along the precipitous bluff behind the settlement itself.

While residents eyed the cliff with alarm, the Tacoma city engineer's office started a survey to determine whether evacuation of the homes should be ordered.

Charge Woman And Son, 16, With Death Of Virginia Man

Dover, Del., April 16—(AP)—A twice-married woman and her 16-year-old son were charged today with first degree murder today in the slaying of an elderly Virginian whom the woman met through a lonely hearts club.

The victim was identified by police as Wade Woodlridge, 70, of Bedford, Va. State Police Col. Herbert Barnes said Woodlridge's body was buried for months in a pigpen, then scattered on a city dump.

Barnes, superintendent of the Delaware state police, announced the arrest of Inez Gertrude Brennan, 45, and her son, Robert. Another son, Raymond, 20, was arrested and charged with being an accessory.

The Delaware police head said Robert confessed the slaying but declared he did it at the urging of his mother. Barnes said Mrs. Brennan denied the charges and that Raymond declined to make any statement. Barnes added no motive had been established for the slaying.

Labor Law Is Taking Shape

REPORT ISRAEL, SYRIA AGREE TO CEASE FIRE

Lake Success, N. Y., April 16—(AP)—Secretary-General Trygve Lie announced tonight that Israel and Syria have signed a cease-fire agreement as a preliminary to further armistice negotiations.

Lie released the text of the agreement forwarded to him by aides of Dr. Ralph Bunche, acting U. N. mediator.

Reports Moisture Appears Anew As Girl Kisses Statue

Syracuse, N. Y., April 16—(AP)—Moisture appeared anew today in the eyes of a broken statue of St. Ann when Shirley Anne Martin kissed it, her uncle reported.

James Secreti, Jr., brother of the girl's mother, said he saw liquid appear in the eyes of the three-inch tall plaster head "about 10 times" when the girl pressed her lips to the image.

Shirley Anne, barred by her parents from making any more public appearances, said it was the first time the watery substance had materialized since she appeared on a local television show Thursday night.

Asked by a reporter whether she had done anything consciously to prevent the liquid from appearing, Shirley Anne replied that she had not.

The Rt. Rev. Msgr. David F. Cunningham, vicar general of the Catholic Diocese of Syracuse, and the Rev. Angelo Strazzoni, pastor of St. Peter's church, visited the Martin home this afternoon, but did not comment upon leaving. Previously Msgr. Cunningham had said that so far as he knew no chemical analysis of the liquid had been made.

Ship Brings Bodies Of 120 U.S. War Dead To Honolulu

Honolulu, April 16—(AP)—A tank-lading ship brought the remains of 120 American war dead to Honolulu today.

Thus ended the last general search for war dead in the South Pacific. The graves registration ship, LST 711, carried bodies of men missing in action since 1943. It had spent 10 months in the search, traveling more than 25,000 miles and making 96 stops in the Solomons, Fijis, New Hebrides, New Zealand, Samoa, Phoenix, Tasmania and Australia.

A member of the search team, Air Force Lt. Wayne E. Downing of Denver, Colo., and Marshall, Iowa, said most of the bodies found in the Solomons were unburied, covered only by a six-year accumulation of leaf-mold in the jungle.

Vegetation has obliterated most of the scars of war, he said, but natives on some islands still were found fishing with hooks made of metal from wrecked planes or with explosives from dud bombs.

The search team included a civilian embalmer, Morris E. Dunman of Washington, D.C.

DIES OF BURNS

Charleston, W. Va., April 16—(AP)—A 78-year-old pipe-smoking woman died of burns today shortly after members of her family found her in bed, clothing ablaze. Relatives said the fire apparently was caused by embers from the pipe of the victim, Mrs. Mary Elizabeth Dunlap.

100-Lb. Lion Cub Scatters Crowd In Bid For Freedom

Tulsa, Okla., April 16—(AP)—A 100-pound lion cub broke from zoo attendants today and scattered a Saturday crowd all over Mohawk Park. He was captured a short time later.

The escape occurred as zoo Director Hugh Davis was transferring the animal from his cage to a crate for shipment. The cub suddenly rolled over, clawed at Davis' trousers and leaped from a restraining net.

As the lion wheeled and dodged, frightened men, women and children scrambled madly for safety amid screams and yells.

The cub bounded into a surrounding woods with Davis and assistants in pell mell pursuit.

The confused animal finally scooped up a tree where Head Keeper Charles Brown tossed a loop of rope around his neck and pulled him down into a net.

USE YOUR RIGHT OF BALLOT TUESDAY

Next Tuesday, April 19th, citizens of Jacksonville will have another opportunity to exercise a fundamental American right — the privilege of electing their own officials.

No one who believes in our way of life should ignore or neglect this right of franchise by failing to vote. An effective use of the secret ballot is the best means at our disposal to preserve the strength of our democratic institutions.

While the election next Tuesday is for local offices only, it is nonetheless important for every qualified voter to go to the polls. The city government is at the grass roots of all government. If you believe in making democracy strong, vote Tuesday.

THE GADGETS ARE TAKING OVER; MIGHT AS WELL RESIGN YOURSELF

Every now and then we get an uncomfortable feeling that the robots are after us. That is old-fogeyism, and silly to boot. People have probably been complaining about over-mechanization since the day when some speed-mad genius invented the wheel and started the whole thing rolling.

But we still get that feeling. The latest twinge came after reading about a new device that answers the phone for you when you are out. A wire recorder permits the callers to leave a message, and also informs them of the obvious fact that you aren't at home. We never did figure out what lifts the phone off the cradle and puts it back.

Speaking of telephones, there is now an electric brain that figures out phone bills. The folks who use it say it never overcharges. Occasionally charges you too little, though.

There is also an electric brain that plays chess. If that is too deep for the merely human opponent, it will condescend to play gin rummy.

Chicagoans with television sets can choose from a selection of movies, call the phone company and announce their choice — and there it is, right in the living room.

They're now boiling water washing clothes and lighting pipes by sound waves. Highway cops are pinching speeders with the help of radar. More and more everyday activities are graduating to the "look-no-hands" category where things work in a way that is beyond the average comprehension.

No doubt this is all for the best. At least the people who invented all these things must have been trying to make life easier for their fellow man as well as make money for themselves. But we wonder what is going to happen to the subconscious lives of a lot of people as their everyday world grows more electronic and atomic.

There are a lot of normal, intelligent human beings who are baffled by any mechanism much more complicated than a screwdriver. They are mystified enough by things as they are today. We worry sometimes at what will happen to their egos in a future where invisible, incomprehensible forces wait on them hand and foot.

The adjustment isn't going to be quick or easy. First the human race must get human behavior to keep pace with scientific achievement if it is to survive. Then will come the problem of reconciling average human ingenuity with specialized human genius.

Until the adjustment is made we foresee a rough time for many horse-and-buggy—or at least "Model-T"—minds while they are learning to live surrounded by mysterious, wonder-working gadgets. Inferiority complexes, we fear, will be thicker than television antennae.

That man with the "Model-T" mind won't be able to discuss his phone bill with the electrical accountant that totted up the figures. He'll shy away from a friendly game of gin with a box of tubes and wires that can beat him any time he wants to pick up the cards.

Affluent breadwinners who can afford servants today are cowed enough by their cooks as it is. Think of their frustrated future when they start complaining about the way the sound waves brewed the coffee or try to bowl out the radar for burning the roast!

Colwell-Quigg Rites At Alexander Church

Miss Margaret M. Colwell, daughter of Mr. and Mrs. Frank Colwell of Alexander, and Charles William Quigg, son of Mr. and Mrs. Charles P. Quigg of Virginia, exchanged marriage vows Sunday, April 10, at the Alexander Methodist church.

The double ring ceremony was performed by the Rev. C. W. Leonard of Jacksonville before a floral setting of flowers and ferns flanked by candelabra holding lighted tapers and a lighted cross.

The bride was given in marriage by her father. The fitted bodice of her gown was white satin, and a high round yoke of nylon net outlined with rows of seed pearls and long tight fitting sleeves fastened at the wrist with tiny dressmaker buttons were also used down the back. The full tulle skirt was fashioned with an over-skirt of marquisette made en train. She wore a finger ring with a halo of white lace and carried a bouquet of pink roses. Her only jewelry was a strand of pearls.

Sister Serves As Matron
Mrs. Betty Gray of Modesto, sister of the bride, served as matron of honor. She wore an emerald green, floor length tulle gown with a sweetheart neckline and cap sleeves. Her corsage was of talisman roses, while her headress was a wreath of yellow flowers.

The bride's mother wore a black dress with sequin trim and a corsage of pink roses. The groom's mother chose a navy blue dress with a similar corsage of pink roses.

Miss Joyce Ann Stapleton played "All Sweetness Is Life," "O Promise Me," and the wedding march from "Lohengrin." Miss Mary Jo Thompson sang "Because" and "I Love You Truly."

Baird Quigg of Virginia served his brother as best man. Ushers were Carl Colwell, Albert Quigg and Henry Quigg, brothers of the bride and groom.

Immediately after the ceremony a reception was held at the church for about 125 relatives and the wedding party. The couple cut the three tiered wedding cake, topped with miniature bride and groom.

Assisting at the reception were Miss Joyce Ann Stapleton played "All Sweetness Is Life," "O Promise Me," and the wedding march from "Lohengrin." Miss Mary Jo Thompson sang "Because" and "I Love You Truly."

Senior Class Play To Be Given At Carrollton May 1

Carrollton—The senior class of St. John's high school is presenting the play, "He Couldn't Marry Five" in the Carrollton public school gymnasium Sunday, May 1, at eight p. m.

The members of the cast are Miss Mary Bird, Henry Pranger, Miss Phyllis Cronin, Miss Phyllis Carmody, Miss Pauline Greuter, Miss Martha Carmody, Dennis Carmody, Henry Schmidt, Donald Pranger and Miss Beverly Glenn.

Mrs. Byron Rhoads and son returned home Wednesday from Medora where they had been guests for a few days of her parents, Mr. and Mrs. L. C. Tucker.

Wendell Kelly of San Antonio, Texas, arrived Friday to spend the week end with his parents, Mr. and Mrs. Lee Kelly.

Mr. and Mrs. Ray Ballard of Decatur arrived Thursday to spend Easter with their parents, Mr. and Mrs. C. W. Ballard of this city and Mr. and Mrs. Tudy of Roodhouse.

Funds For Men Who Tried To Rescue Kathy Is Growing

San Marino, Calif., April 16—(P)—It's almost a week now since they brought little Kathy Fiscus up from her well tomb. And an aroused nation is still sending in contributions to the fund for her volunteer rescuers.

The fund for the tireless men who worked 52 hours to reach the three-year-old too-late—has reached an estimated \$17,000 and may go over the \$20,000 mark. It runs from piggy-bank dimes to \$100 checks.

Some 50 men who toiled without thought of recompense stand to receive checks averaging \$400 from the Kathy Fiscus rescue fund. Some who did the dirtiest work and put in the longest hours—men like O. A. Kell, Bill Yancey, H. E. "Whitely" Blickensderfer—may receive bigger shares.

An attempt will be made to pro-rate fund contributions according to hours and work done on the heroic job, Mayor Clark E. Bell of San Marino says.

More than 4,500 pieces of mail to the fund have been received at the San Marino and Los Angeles post offices. Thus far only about one-fourth of these have been opened, with about \$5,000 banked. Opened gifts have averaged about \$440.

On the basis of that, Bell estimates, a total of \$17,000 is assured—and \$20,000 is probable.

And that will be good news for the rugged workers who pitched in without second thought of personal safety to burrow 10 feet underground to reach little Kathy.

BIRD IS FIRE-BUG
Mt. Pleasant, Pa., April 16—(P)—A bird carried a lit cigarette into the attic of Clyde H. Achtezz's house today, firemen said, starting a fire which did more than \$2,000 damage.

Pack Of Problems Cloud Yankee Pennant Picture

By JOE REICHLER
AP Newsfeatures

St. Petersburg, Fla.—Casey Stengel has been bossing his New York Yankees less than a month, but already he knows that he has inherited a club with an excellent outfield, a potentially fine pitching staff, and very little else.

His problems are numerous. He has not idea who will be his first baseman, or his third baseman, or his first string catcher.

His double play combination of Second Baseman George Stinnett and Shortstop Phil Rizzuto is a question mark. Even in the outfield, where he is strongest, he is not altogether solid.

Bill Johnson, hero of the 1943 World Series, looks like the third baseman but Bobby Brown still thinks he has a chance. Johnson hit .294 last season in 127 games while Brown batted an even .300 in 113 games.

Joe DiMaggio's right heel—the one that was flared up again last November—has flared up again. No one knows just how serious it is. The Yankees know, however, that to make any decent showing in the pennant race, they must have a healthy DiMaggio.

Stengel also must know soon whether Charlie Keller, who missed most of the 1947 season because of a spinal condition, has fully recovered from the operation. So far, Keller has been impressive. Tommy Henrich rounds out the outfield, which Stengel regards as the best in baseball.

Packing up the big three are Johnny Lindell, a .317 swatter last year; Hank Bauer, up from Kansas City; Gene Woodling, the Pacific Coast batting champion, and Cliff Mages, a holdover. Stengel says his biggest problem is how to cut this imposing list of flycatchers to five.

Unless he collapses completely, Yogi Berra looks like he'll return behind the bat. He played the outfield last year. Berra needs plenty of polishing in fielding. There is no question of his hitting. Gus Niarhos, Charley Silvera and Ralph Houk are the other receivers.

Young Is Candidate

Babe Young, veteran National Leaguer, will attempt to fill the shoes of George McQuinn at first. Should he fail, either Jack Phillips, Dick Kryhoski or Joe Collins will take over. Both Stinnett and Rizzuto experienced poor seasons at the plate last year. Each hit a meager .252. The Yankees need more hitting from this pair to figure seriously in the race.

Stengel has seven potential starting pitchers. The best of the lot probably is Vic Raschi, a 19-game winner last year. Southpaw Ed Lopat won 17 last year, Allie Reynolds 16, Spec Shea nine, Tommy Byrne, eight and Bob Porterfield five, all in the final six weeks. Fred Sanford, acquired from the Browns for \$100,000 and three players last December, should help. He won a dozen in '48. Joe Page, who had a bad year in '48, will again be the No. 1 relief man. Wally Hood from Newark, and Clarence Marshall and Don Johnson from Kansas City are the best of the newcomers. Dutch Hiller, with a 5-2 record last year, probably will join Page in the bullpen.

Who's Who Played By Rotary Club At Roodhouse

Roodhouse—Members of the Roodhouse Rotary club were in for a surprise at their regular meeting Wednesday night, when as a special feature of the program, they were shown baby pictures of themselves.

The entire group engaged in a game of "Who's Who," trying to identify each picture. Dr. Frank Veith had charge of the program. The pictures were shown by the Rev. W. W. Williams.

Visiting Rotarians were Crit Handline and Carrell Hughes of Jacksonville.

The local club members will be guests of the White Hall Lion's club next Wednesday.

A Statement Of Facts To The Citizens Of Jacksonville

During the past several weeks, certain ideas have been advanced by the Democratic candidate for mayor calling for increased Public Service as a part of city government. Inasmuch as some of these services would necessarily mean increased taxation, I believe the facts should be made available to the voters before next Tuesday's election.

During my administration as Mayor, I have consistently stood against increasing taxes unless absolutely necessary, in fact, taxes have actually been reduced by this administration.

The question of Municipal Garbage Collection has been raised. Jacksonville once had city garbage collection, but it was abandoned several years ago, before my term of office. A really modern, adequate system would call for the construction of an incineration plant, which should have a fifty ton capacity for a city of this size and which would cost between \$100,000 and \$150,000. Only about five cities in Illinois have such a proper system. A project such as this, involving such a large expenditure of money, should be referred to a referendum vote of the people before a municipal system, with its attendant increased tax rate is adopted.

The possibility of the establishment of a second fire station north of the Wabash tracks has been proposed. No solution to the problem of financing the construction of a new building, new equipment and the employment of several additional firemen has been offered. Such a proposal would require greatly increased taxation unless other revenue sources can be found.

I have always stood for increasing our fire protection. The city recently purchased a fine aerial truck, to be delivered in the near future. Our fire department has an outstanding record of efficiency. I believe that the State of Illinois, three of whose institutions we serve, should pay a fair share of the cost of adding to our fire fighting equipment. We have taken this matter up with state officials and will press for a favorable decision. With such assistance we could still further improve our fire department.

There has been suggested that some form of merit system be extended to include the employees of the city owned utilities.

This administration put into effect the non-partisan, business-like management of the utilities and it has proven to be very successful. Two new units have been added to the generating station to take care of the increased volume of business.

The merit system was extended to the police and fire departments in 1942 by vote of the people, and the present administration heartily endorsed the plan. However, the employees in the water and light department are, for the most part, union men. The city's relationship with the unions has been very satisfactory. The interest of the employees have been well represented by their unions. Being a union man myself, I know the value of this arrangement and would not desire to do anything to undermine it.

During this campaign, much abuse has been heaped upon the employees of our Street Department, nearly all of which has been unwarranted. Those men, during the times of emergency caused by ice storms last winter, did an outstanding job of cleaning away fallen tree limbs and debris, as well as cleaning the streets with brooms and shovels. They worked around the clock in order to help restore essential services to the public. I believe in adding to and strengthening the personnel in this department as our financial condition permits, but I do not believe in unjust criticism of men who have really worked in the city's interest.

Climatic conditions and the time of year have a great deal to do with conditions of streets. Streets oiled last year are naturally wearing out and the season for new oiling has not yet arrived. Asphalt streets can not be successfully repaired during cold weather.

The present administration pioneered in the use of Motor Fuel Tax funds to supplement special assessments for street improvements. There is, of course, a limit to the burdens which can be placed upon property owners. Within such reasonable limits, we are proceeding with a definite program of street development.

Little improvement was made in the streets during a period of many years prior to this administration. Since the end of wartime conditions permitted public improvements, this administration has done more in the improvement of streets than was done by any administration in the past eighteen years.

A milk ordinance, is a matter, along with other problems, of health, which falls squarely under the jurisdiction of the Morgan County Health Department. This department, which operates both for the city and the entire county was created by a special vote of the people in 1946. It is governed by an independent board, headed by Dr. W. H. Newcomb, as president. This board, appointed by the county commissioners, has for some time been considering the problem of milk control. Numerous conferences have already been held by this board with dairy operators and representatives of the State Department of Public Health. The important subject of milk control is not one for political argument, but rather requires the expert recommendations of medical and health authorities.

As a candidate for reelection, I offer the following as a record of performance and as a program for Jacksonville:

- Taxes and water rates have been reduced at a time when many cities were asking for increases.
- We will complete the Loop paving project as well as make other permanent improvements in our street system.
- We have no public debt and the city is now, and has been for the past 8 years, operating on a balanced budget.
- Water and sewer mains will be extended as rapidly as possible. It is my desire to make water and sewer services available to all parts of the city.
- Utilities have been operated non-politically and will continue to be so operated.
- We will continue to work for a maximum of public service at a minimum cost.

Ride the most beautiful, most roomy, most road-worthy,
most "all-round-performance" car in America! Enjoy a thrilling...

Revelation Ride

America's "4-MOST" Car!

Why be satisfied with vague claims of "more" of this and "more" of that in a motor car? The New Hudson brings you—not just "more", but the most of all the things you want most! It's America's "4-most" car. Most Beautiful! Millions vote the New Hudson "America's most beautiful!" No other car could so perfectly express artists' concepts of "the car of the future"—for only Hudson, with its "step-down" design, has the low build that is necessary for such beauty. The New Hudson is the lowest-built car on the highway—yet there's full road clearance.

Most Roomy! Hudson brings you—not just "more", but the most seating room in any mass-produced car... the most efficient use of interior space. Head room and leg room to spare!

Most Road-worthy! Even at high

speeds or on winding roads, you ride relaxed—because your New Hudson hugs the highway... has the lowest center of gravity in any American stock car. You ride clear ahead of rear wheels, and within the base frame—down where the riding is most smooth, most steady, most safe.

Most All-round Performance! Again, Hudson brings you—not just "more", but most! The all-new, high-compression Super-Six engine is the most powerful American Six. Or you may choose the even more powerful Super-Eight. And Hudson brings you Center-Point Steering, Triple-Safe Brakes and many more high-performance features—all engineered for long life, low upkeep cost.

Charge Two With Dynamiting Fish

Jerseyville—Two residents of the Jerseyville vicinity were arrested Thursday evening on charges of violating the Illinois Fish Code by dynamiting fish.

Complaints against the two were filed before Justice A. Thatcher Thursday evening by Special Investigator Oscar Otte of Adams county. Otte charged that the offense was committed about the 4th of April when the two men set off two charges of dynamite on waters of the Macoupin creek where the stream is in Jersey county territory. The two men were arraigned Thursday evening and released on bond in the sum of \$200 each for appearance Saturday afternoon, April 30th.

Students Make Tray Favors For Hospital Vets

Five hundred units consisting of the same number of nut cups, tray favors and tray covers were shipped from the local Red Cross chapter last week to the Veterans Administration hospital at McKinney, Texas, to help the patients in that institution celebrate Easter Sunday. These articles were made by the students in the Franklin grade school of this city under the supervision of Miss Marguerite Schoedsack, art instructor for the city public schools. Twenty-four nut cups and tray covers were made by pupils in the sight saving class of Illinois School for the Blind, of which Miss Helen Sheehan is teacher, and 30 tray covers and nut cups were made by a Girl Scout troop, Mrs. George Robinson, leader. These articles were sent to the Veterans' unit at the Jacksonville State hospital to decorate the tray and tables of the patients in that institution for Easter.

Scout Pilgrimage To Lincoln Tomb Set For April 23

Hundreds of Boy Scouts and their leaders from all parts of Illinois will converge on Springfield on Saturday April 23rd to take part in the Fourth Annual Boy Scout Pilgrimage to the tomb of Abraham Lincoln.

Registrations are pouring into headquarters of the Abraham Lincoln Council which sponsors the event, indicating that last year's attendance of 1,700 will be equalled or exceeded.

C. L. Morris, general chairman of the event announced that the registration of participating units will take place at the Lincoln Court House in downtown Springfield. Four sections of the Pilgrimage parade will form at 2:15 p. m. and the parade will move to the Tomb promptly at 2:30 p. m. Each section will be headed by a band.

A half hour at the Tomb will begin at 3:00 p. m. and will include a "Tribute to Lincoln," official greetings by Council and civic leaders, and a special wreath-placing ceremony in the Tomb, in which Eagle Scouts will take part.

All members of Cub Scout Packs, Boy Scout Troops and Senior Scout Units have been invited to attend including their leaders and Committee men. The general public is invited to see the Pilgrimage Parade and attend the ceremonies at the Tomb.

Flag streamers will be presented to all units taking part in the event. In addition each unit will be presented with a number of "Tulip Poplar" memorial trees which are to be planted by the units back in their home communities.

Hear Mayor Hoagland close his campaign Monday evening at 6:15 over WLDS.

Britons Train at 'Pit University'

Instructor J. Raisback (at blackboard) teaches volunteer student miners haulage methods at Britain's new mine training school at Ashington, England. With coal and apprentice miners in short supply, the government sponsored the school to educate teen-agers, mostly miners' sons, for supervisory and other jobs in the nationalized industry. After 13 weeks of classroom, the young men head for the pits for "lcb" work.

Campaign Nears Close; Voters To Pick City Officials

Downstate To Decide On City Candidates, Local Option Tuesday

Chicago, April 16 —(AP)— Many downstate cities will elect mayors and other officers Tuesday, with heavy balloting expected.

There also are about 40 local option elections in downstate cities and towns. The dries, who won 19 of 28 elections in townships two weeks ago, have been campaigning vigorously.

The Rock Island mayoral race will be a "second heat," since the same two candidates faced each other four years ago. Incumbent Mayor Melvin L. McKay heads the Republican ticket. His opponent is Sam M. Arndt, attorney and Democratic state central committeeman, who lost to McKay by more than 2,000 votes four years ago.

McKay is campaigning on a city service platform, asserting streets and alleys are clean and that he has improved street lighting and paving. Arndt alleges inefficiency.

Mayor Frank G. Wallin, Democrat, is seeking his third term at Waukegan, promising a housing authority, highway improvements, and a strong fight for a city share in state taxes.

His opponent is Robert E. Coulson, Republican, an assistant state's attorney. A World War II veteran.

Annual Roodhouse Mardi Gras Will Be Held Wednesday

Roodhouse—The annual Mardi Gras, sponsored by the senior class of Roodhouse community high school and the Roodhouse Woman's club, will be held Wednesday night at 8 p.m. in the school gym.

Students will vote on the queen and the four runner-up candidates will be her attendants. Escorts will be members of the basketball squad. Coach Mason Campbell will escort the queen to her throne where she will be crowned by basketball captain Benner.

Mrs. Hazel Sage will play the coronation march. James Smith will serve as master of ceremonies.

The program will also include: tap dance, Phyllis Beck, Vicki Campbell, Donna Battershell and Anne Strain; vocal solo, Carolyn Mackey; and Sue Ann Helton; piano solo, Marjorie Castle; selections by a trio, Tommy and Terry Turner; and Vincent Williams; humorous reading, Joyce Ann Martin; and group numbers by the boys' quartet and the triple trio.

This will be followed by dancing until 11 o'clock.

SOROSIS CLUB TO MEET WEDNESDAY AFTERNOON

Mrs. William T. Wilson, 1 Westwood place, will be hostess Wednesday afternoon at 3 o'clock to members of the Sorosis club. Mrs. S. V. Weller will present the paper.

BROTHERS' NIGHT

Brothers' Night will be observed by Caritas Rebekah lodge 625 on Thursday evening at 8 o'clock. Officers will be filled by the brothers. A program will be given and refreshments served.

ENTERS HOSPITAL

Homer Massey, 1132 S. Main street, entered Our Saviour's hospital Saturday for treatment.

Army Officers, Local Woman Hurt In Wreck

Two high ranking army officers from Indiana and a Jacksonville woman were injured at 5:30 p.m. Saturday in an automobile collision which occurred at the foot of the mound on U.S. 36 west of the city.

Mrs. Nettie Vasey, rural route 1, driving west, was attempting to make a left hand turn into the driveway of her home. Her 1939 Pontiac collided with an eastbound 1949 Mercury driven by Brig. Gen. Jesse McIntosh, 52, of Tipton, Ind., commanding officer of the 38th division, Indiana national guard.

His companion was Col. Irvin Alexander, 50, stationed at Fort Benjamin Harrison and 38th division senior army instructor.

The right sides of both cars were badly damaged.

JOHN W. HEGARTY IS ACTIVE IN COMMUNITY AFFAIRS

John W. Hegarty, candidate for president of the South Jacksonville Village Board is well qualified for the position.

Hegarty has been active in community affairs. He has been Scoutmaster of Troop No. 113 in South Jacksonville since its inception in 1939 until 1948 and is now district Scout commissioner.

He is vice-president of the Jacksonville Trades and Labor Council and trustee of the Building and Construction Trades Council, delegate from local 193 Electrical Workers Union in Springfield.

He is also vice-president of State Employees Chapter of Retirement System.

Mr. Hegarty is married, has two children and owns his home at 199 East Greenwood avenue.

Education Board Chosen By Voters Of New District

The first board of education of consolidated district No. 3, was elected Saturday by the residents of the newly created district. Four men and three women from seven of the former districts were chosen in balloting held at Sherman school during the afternoon.

The new board will organize when the members meet at 7:30 p.m. Monday at Sherman school.

Robert W. Houston, formerly a director of Ebenezer school, was chosen president. He was unopposed and received 122 votes. B. A. Bollman received one write-in vote.

On the regular slate Earl C. Brown of North Oakland and Charles E. Hadden of Kinman each received 117 votes. They will serve three year terms.

Those named for two year terms were Mayme Allison Bosier, East Hickory Grove, 119 votes, and Evelyn Baldwin, Sherman, 122 votes.

Daniel Fortado of Trinidad got 112 votes and Lucille Newberry of Prairie Union received 94 votes to win one year terms.

The seventh board candidate, R. O. Gaffner, North Union, was given 53 votes. Single write-in votes were registered for J. D. Bunting and John G. Tomhave.

Officials in charge of Saturday's balloting were Miss Eleanor Hahon, Mrs. Jeanette Hadden and Mrs. Margaret Sandage.

Western Illinois Fox-Coon Hunters Meet April 23-24

Jim Monta of Bluffs and vice-president of the Western Illinois Fox and Coon Hunters Association has announced that the group will hold its annual Spring meet at Ocean Trail Park, Florence, Ill., Saturday and Sunday, April 23 and 24.

Monta also gives notice that something new has been added to the bench show which will be staged Sunday p.m. when the Beagle hound, which is becoming quite popular in this area as a hunting dog, will make its debut in the Association's annual show. The Beagle will compete along with the incumbent Fox and Coon hounds.

Saturday night will see the fox chase getting underway, while the coon chase will be held Sunday. Clyde Bennett of Griggsville is president of the meet, and Bud Ellis of Pittsfield, RR3, will act as secretary.

Dies From Eating 223 Aspirins

Scranton, Pa., April 16.—(P)—John Molnar, 48, died from eating 223 aspirin tablets with the belief they were salted peanuts.

Scranton State hospital authorities quoted Molnar as saying he found the bottle on a table and thought it contained peanuts. When he discovered his error, there were two left of the bottle of 225.

Dr. Paul E. Kubasko, Lackawanna county coroner, said a blood test showed Molnar had been drinking and the presence of alcohol in the man's blood speeded absorption of the aspirin.

He estimated Molnar's system absorbed "about 1,200 grains" of aspirin before his death yesterday.

MORGAN TO CALIFORNIA—1849

A Mormon Town and a Search for Gold

By Cecil Tendick

The question "Why go to California when there is plenty of gold in Colorado?" evidently rolled with the wagon train as it moved along the north side of the Arkansas river.

The crossing was accomplished "by means of two canoes with some poles fastened across the top, forming a raft."

The train got across safely "with the exception of one horse that got drowned which was the only accident. This stream is only about 50 yards in width and 15 deep on the west bank."

"We found the Mormon Town where they had wintered in the winter of 1847 and 48. This was two rows of houses about 40 yards apart and 125 yards in length. Those houses were built out of cottonwood logs about 8 or 9 feet high, then covered with dirt as the Mexicans do. The greater portion of them is torn down at this time. It is now nearly knight and time to stop to grease wagons, bring up mules, etc. There was an alarm caused by an old log floating down the river."

The train decided to leave their wagons, pack their mules and go over the mountains "to the junction of the south and middle forks of the Santa Cristi where the gold was said to exist."

A battalion election was held. "Joe Heslop rung himself in again."

Our Author Assails "Aristocrats" and Card Players

"Wed, 4 day of July. Their is a company of 54 men starts this morning under the command of Maj. Heslop to explore the aforesaid mines. We packed our blankets and provisions with about three men to the mule. This plan was thought to be the safest on account of the Indians who was said to be very troublesome on the Sange Cristi. So we bundled up and started off on foot with the exception of a few Aristocrats that had to go on horseback, such as the guide and his guard, the Maj, and his staff and some few of the boys that had been in the habit of standing behind counters or sitting at the card tables, etc."

"About 10 o'clock we set off in high spirits. Traveled on about 6 miles and stopped to noon at a very pretty little branch and while there it rained a small shower. After Refreshing ourselves and mules we started on across a level plain with some deep, dry ravines for about 12 miles. Here we came to a very swift running creek which the Spaniards called Huafano."

Men Without Women Dream Of Women

"Here we encamped for the night beneath some large cottonwood trees. I was very tired as well as all the others that was on foot. As soon as supper was over we all laid down to sleep. Some time in the night I had the pleasure to embrace and kiss a girl that I had at one time thought more of than I did of myself. But unfortunately that tie had been broken."

"Thurs, 5—We arose early in the morning. Several of the company complained having very sore feet. So soon as we could get breakfast over the role was called. We set off up the creek about a west course. At the distance of two miles we came to the crossing of the creek. Here we had to fall a tree for the purpose of crossing. After all was over we traveled on across the hills. We came to a small creek. Here we stopped for an hour to let our mules graze."

"We packed up and started on. traveled about 3 miles and met Col. Jackson's and Gillum's companies. They had been over and was returning. They brought us Sad Tidings of the Extent and Richness of the Mines. While standing around their was a gun accidentally discharged, the ball passing through the brim of one man's hat near to his head. This was about the third or fourth accident that has happened."

Roasted Venison For Breakfast

"Fri, 6—A beautiful morning. We got up early. Some of the boys went off hunting. I started off a lone. Soon came across a comrade and hunted on some two hours. At last I got a shot and killed a deer. We then proceeded to camps where we found a good warm breakfast of bread, Roasted Venison and coffee. So after the Role was called, we packed up and started down the creek between two rows of high hills. Here we came to the junction of the south and middle forks of the Sange Cristi. So after dinner some of the boys went out to look at the Prospect for gold. They returned in the Evening somewhat down in the mouth."

"Sat, 7—Clear and warm. All hands were anxious to try the reality of the long talked of mines and as the Indians were thought to be in the neighborhood of the mines the Maj, thought it advisable to detail one half of the Company to stay and take care of the stock and camp."

"So after breakfast was over they shouldered their guns, spades, picks, wash bowls, canteens, etc. All set off on foot except a few of the Aristocracy. They were necessarily compelled to ride."

The Eager Beavers Search For Gold

"About one mile above the Forks we found a great deal of old sign. They set in to work like a duck on a June Bug. They would dig a while and then get up a bowl full of dust and go to the water and wash away as though they were certain of getting an ounce of the junium dust to each bowl of dirt. I believe the company obtained the whole amount of five cents worth of gold dust during the day. About 12 o'clock they began to look a little down in the mouth. After taking a bite of grub they set in again as though they were determined to dig it out, whether or no. Towards evening they began to be pretty well satisfied there was no gold there for them. So they packed up and put in camps. Talk over the prospect of gold, etc."

Two more days of profitless work were enough. Everyone was eager to get on to California.

"Warm pleasant day. After Breakfast we broke up camp and started for home. Their was a committee appointed to view out a road across the mountains for the purpose of going the most direct route to Taos. That committee consisted of Eight men, including our guide. We examined the route as closely as we could. We agreed that it would take 50 days work to make the first 7 miles passable for wagons. We camped at the same place that we did as we went out, at the foot of the mountain."

"After dinner their was a party went out to a bald mountain to examine for Minerals. They returned at knight with some ore that contained some Silver, but not enough to pay for working it. Here we all amused ourselves some time in Cutting and Carving names, dates, etc. In this valley Everything had the appearance of the month of April would be in the State of Illinois or Missouri."

Official To Speak On Board Of Trade At Virginia Meet

Virginia—Cass county farmers have been invited to attend a meeting to be held at the Virginia high school at 7:45 p.m. Wednesday. Harry C. Short, field director of education for the Chicago Board of Trade, will be the principal speaker.

He will explain the mechanics of free commodity markets of the United States and the contribution they make toward feeding not only Americans, but many residents of foreign lands. Points in his discussion will be demonstrated by charts and colored slides and he will explain the trade's "mystic" terms from the laymen's standpoint, such as hedging, speculation, spot market and futures.

Mr. Short is a graduate of the University of Dubuque and received his master's degree from the University of Iowa which state he is a native. Before coming to his present post with the Chicago Board of Trade, he had over 20 years experience as a teacher and school administrator. He has taught education and psychology at the University of Dubuque, and Cornell, as well as serving on the administrative staff of Purdue University. He at present holds a life teaching certificate in Illinois and is also a life member of the National Education association.

The annual banquet of the Cass County Education association will be held in the Legion home on Tuesday, April 26. The program will consist of a book review by Mrs. Gerald Gill and songs by the Virginia Quartet.

The Legion Auxiliary will serve the meal.

The membership drive of the American Legion Post No. 258 will come to a close on Wednesday, April 20, but the regular meeting will not be until next month as the Cass county Legion meeting is scheduled for Wednesday at that evening.

Max Fox, son of Mr. and Mrs. James Fox is spending the Easter vacation with his parents. He is a student at the University of Illinois.

Camp Butler Rites For Pvt. DeFrates To Be Held Friday

The body of Billy DeFrates, former Jacksonville resident, will arrive in Springfield next Friday and will be taken to Camp Butler where graveside rites will be conducted at 3 p.m., with the Rev. Robert Pich of Concord officiating. The Allis Chalmers Veterans group will be in charge of the military burial.

Private DeFrates was killed in action in Holland, on October 1, 1944. He was employed at the Allis-Chalmers plant in Springfield when inducted into service on Dec. 29, 1943.

He trained at Camp Sheridan and later at Camp Wolters, Texas. He went overseas in June 1944, and arrived in England. He took part in the invasion of France on D-Day and also was with invasion forces when they entered Holland.

Private DeFrates was married to Helen Carter of Concord, August 19, 1937. To this union two children were born, Jimmie Lee and Constance Louise, who are sole survivors.

Tennessee Walking Horses Well Liked By Morgan Breeder

Morgan county, home of some of the finest breeding stock in America, now has a stable devoted to the Tennessee walking horse, the horse that has won great popularity in a very short time.

E. E. Mason of rural route 3, Jacksonville, thinks the breed deserves their title. "The World's Greatest Pleasure Horse." He likes them so well that he owns six head: a six year old stallion, four mares and a yearling stallion.

The breed association was formed in Lewisburg, Tenn., only 14 years ago. Yet visitors from 32 states attended the walking horse national celebration held at Shelbyville, Tenn., last year.

Advocates of the breed say this popularity was brought about by two inherent qualities: disposition and gentleness. The Tennessee walking horse is gentle and his gait is smooth and easy, they assert.

The breed averages about 15 1/2 hands in height and will weigh around 1,000 to 1,200 pounds. They come in many colors: chestnut, black, bay, roan, white brown, grey and sometimes yellow. Markings are star, strip, blaze, bald and snip. Manes and tails are often mixed, but sometimes flaxen.

Ambling Sam heads the Mason stables. He was purchased last August in Allensville, Ky. The young stallion is by Gold Bond, a half-brother to the prominent Midnight Sun.

ALEXANDER WOMAN'S COUNTRY CLUB MEETS

Jacksonville, Village Elections Tuesday; Daylight Savings Up

By BIRCH B. RIDGWAY

Voters of Jacksonville will pick their municipal leaders for the next four years on Tuesday, April 19, in what shapes up as one of the most vigorous political scraps in the last dozen years.

Both Republican and Democrat camps have been beating the tom-toms. Hard-hitting campaigns are in the process of completion by candidates of both parties. Along with the contests for mayor, clerk and treasurer, there are aldermanic races in three of the four wards.

Should the contests for city offices fail to nudge lethargic voters into action, the Daylight Savings question probably will propel them toward the polls. An advisory vote on the time question will be a feature of Tuesday's election, along with regular contests.

Heavy Vote In Prospect

All in all, the city is expected to roll up a bigger-than-ordinary vote. Observers believe there has been more pre-election activity than in a municipal election for a number of years.

South Jacksonville voters also are in readiness for an election Tuesday at which a president of the village board, a clerk, and three trustees will be elected for four year terms. A contest is in progress for the office of board president.

The mayoralty race between Ernest L. Hoagland, Republican, the present mayor of Jacksonville, and John S. Wright, Democrat, tops the contests for city offices. Hoagland is a printer and Wright is a college professor. Each candidate has rallied strong support which will be weighed at the polls of the city's 16 precincts.

During the primary and election contests, both men have addressed a series of public meetings. They head tickets which have carried on an active campaign down the line into the wards.

Races For Clerk, Treasurer

Dale Rose, Republican, and John R. Phillips, Democratic, and incumbent, will battle it out for the job of city clerk.

Two well known women, Mrs. Ima B. Cline, Republican, and Miss Vera H. Seaton, Democrat, are opposing candidates for the office of treasurer. Mrs. Cline is the present treasurer.

Aldermanic contests offer another reason for a heavy turnout of voters. In the first ward Alderman James J. Flynn, Democrat, is challenged by William M. Dwyer, Republican. Second ward voters will choose between Elmer E. McNeil, Republican, and Byron E. Brune, Democrat. The third ward race features Ivan A. Ingram, Republican, and Kenneth Woods, Democrat.

Crit Haneline, Republican, is unopposed on the ballot in the fourth ward, but a space appears on the ballot in which Democrats may write in the name of candidates.

Two Ballots For Voters

Voters will be handed two ballots, one containing the names of candidates for offices, the other for an expression of policy on the Daylight Savings issue.

The city at present has an ordinance for the automatic adoption of Daylight Savings time on the last Sunday in April of each year. Two years ago the majority of voters rejected fast time, but last year it was authorized by the council on a close vote without the formality of a referendum.

Should the voters again register an expression against Daylight Savings time at the election Tuesday, the council is expected to repeal the ordinance. Victory for fast time would require no further legislation.

The ballot indicates that the election on the time question is an advisory vote only.

South Jacksonville Contest

W. Raymond Davidson is seeking reelection as president of the South Jacksonville village board. He is assistant hostess.

SHILOH W.S.C.S.

Members of the Shiloh W.S.C.S. will meet Thursday at 2 p.m. with Mrs. William Hull.

HOUSEHOLD SCIENCE CLUB

The Household Science club will meet at 3 p.m. Tuesday at the Hugh Green residence, 711 W. Douglas street, with Mrs. Leonard J. Gray as assistant hostess.

To Repeat Corn, Beans Alternate Row Trials

Urbana—University of Illinois agronomists are experimenting again this summer on a new way of planting corn and soybeans. They're planting alternate double rows of the two crops in the same field—two rows of corn and two rows of soybeans, clear across the field.

This alternate double-row system makes every row of corn an outside row. Then corn plants don't have to compete so much with each other for sunlight and plant food as when they're planted solid.

Last year A. L. Lang, College of Agriculture agronomist found that corn yields were from 8 to 27 bushels larger when he set alternate rows 40 inches apart. He used a regular planting with the corn and soybeans in alternate hoppers.

Lang also found that the ears were longer and bigger around, the corn stood better and there was less lodging, and the moisture content at

harvest time was lower than in fields planted all in corn.

"If alternate rows set 40 inches apart increase corn yields 8 to 7 bushels an acre," Lang reasons, "what yields might we get from rows set only 10 inches apart?"

Lang is going to find out just what these possibilities are. He's going to try closer spacing and thicker seeding on three plots—one at the Hartsburg experiment field in Logan county, one at Urbana in Champaign county, and a third at a yet undecided location.

Lang emphasized the fact that much more work needs to be done before standard recommendations can be made on growing alternate double rows of corn and soybeans. But the possibilities look mighty good, he said.

Mrs. Anna Mae Cox won the magazine contest and Mrs. Linda Coultas won the rose contest. Prizes for bunco were awarded Mrs. Loretta Tholen, high. Mrs. Lore Kilver, low, and Mrs. Hazel Wood, bunco.

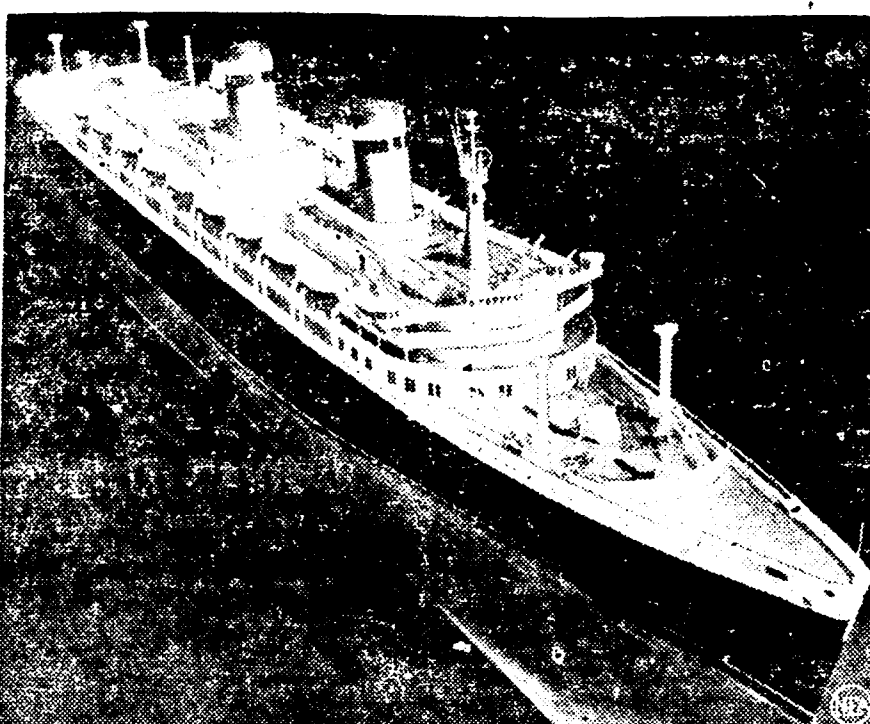

The club will meet May 11 at the home of Mrs. Freda Heaton, with Mrs. Lilly Clegg assisting.

FIRE DAMAGES BOX CAR

Carrollton—The Carrollton Fire Department was called to the G.M. & O. depot Wednesday afternoon when a box car used by the workers on the road for their equipment caught fire. The fire was extinguished with a slight property damage.

Wednesday evening the department received a call to the James Murphy residence but did not make the run as the fire was put out before the fire truck left the garage.

U. S. Plans Rival for 'Queens'

Here is a model of the proposed \$70,373,000 American transatlantic superliner, largest ever constructed in the U. S. Accommodating 2000 passengers, or 12,000 troops in time of war, the 48,000-ton ship will be 980 feet long and have a speed of more than 28 knots. Proposed for the U. S. Lines, it will be slightly smaller than Britain's "Queen" ships, the Elizabeth and Mary.

MANCHESTER

Manchester—Mr. and Mrs. John Thady returned to their home in LaPorte, Minn., Friday. They had been visiting friends and relatives here and in Alton since January.

7 Students From U. Of I. To Visit School For Deaf

Urbana-Champaign, Ill.—A group of seven University of Illinois students will make a field trip to institutions for the Deaf in Jacksonville, Ill., and St. Louis, Mo., on Thursday and Friday, April 21 and 22.

The field trip, an annual event, is a requirement of the course in education of the deaf which is taught by Marian Quinn of the College of Education, training supervisor of teachers of the acoustically handicapped.

Students in the group will be Patricia Champion, of Pekin; Beverly Bennett of Glen Ellyn; Beverly Jacobs, Quincy; Terry B. Fey, Peoria; Dorothy Henn, Chicago; Grace Zimring, Chicago, and Vivian Tasker Urbana.

In addition to Miss Quinn, Dr. Samuel A. Kirk, professor of education, Thomas H. Poulos, assistant in the College of Education, and two teachers from the Colonel Wolfe School, Champaign, will make the trip. The latter are Mrs. Catherine Adams and Lois Stankey.

The party will travel by automobile to Jacksonville where they will visit the Illinois State School for the Deaf on Thursday, April 21. The following day they will visit the St. Joseph Institute for the Deaf, and the Central Institute for the Deaf, returning to the campus the same evening.

Songstress Here Tuesday

JEAN DICKENSON

Jean Dickenson, "Nightingale of the Airways," will be heard at the Jacksonville High school auditorium on Tuesday evening (election night) at 8:15. This will be the final program offered this season to the members of the Jacksonville Civic Music association and will bring to this community a singer of national renown, the star of the popular Sunday evening program, "The American Album of Familiar Music."

Miss Dickenson was born in Montreal, Canada. Her father's work as a mining engineer took the family into British India, South Africa, Europe and finally back to America. They settled in Denver, Colo., when Jean was 14. She had always studied piano but it was here that she took her first singing lesson. She quickly impressed her teachers, both by her musical intelligence and by the brilliant promise of her voice.

For the next three and a half years all of her time was devoted to intense vocal training. At the conclusion of this period, Jean went to visit her nomadic parents for the Christmas holidays. They were living then in New York. While there she auditioned for Columbia Broadcasting and National Broadcasting companies and was offered contracts by both. Breaking all precedent, Jean decided to return to Denver for the six months that were needed to complete her course and earn her degree from the Lemont School of Music. During this time NBC featured her on a weekly coast to coast program from KOA, Denver, called "Golden Melodies."

Upon graduating, Jean appeared as guest artist in New York on several commercial hours and then flew to California to sing on the "Hollywood Hotel" radio show. After completing her series there she returned to New York and soon after joined the American Album of Music.

Miss Dickenson made her debut at the Metropolitan Opera as Philone in "Mignon." She has sung with symphony orchestras throughout the eastern United States and Canada. Her present season is heavily booked and she travels as far as time between her weekly broadcasts permits.

Miss Dickenson's program in her appearance here will include songs by Thomas Cook, Haydn, Mozart, and Rossini, selections from grand opera by Auber and Bellini and a vast number of contemporary and popular songs by Rimsky-Korsakoff, Stravinsky, Gruen, Leonard Bernstein, and Stephen Foster.

WE WISH TO EXPRESS deepest gratitude to Dr. Harold Norris, Our Saviour's hospital staff, friends and relatives for many kindnesses shown in our recent bereavement. The Waters Family.

Creed Of Jesus Impressed By Rotary Speaker

"Religion is the heart of our civilization and the essential part of any civilization," Dr. Malcolm Stewart told members of Rotary Friday in an address concerning the fundamental beliefs of Jesus.

Dr. Stewart, professor of philosophy at Illinois college, pointed out that historians and theologians tell us that the core of a civilization is the religious belief of its people, and that when such beliefs allow the moral tone of the people to decay then the civilization will collapse.

The speaker outlined seven fundamental beliefs of Jesus. He said that if the people of the world would sincerely embrace them our civilization would not die.

The beliefs of Jesus, as outlined by Dr. Stewart, are: Belief in a Supreme Being; Belief in man, with human values over material values; belief in the ethic of duty, a willingness to do right wherever it may lead; a realization that sacrifice is a part of life and that we must suffer in order that others may benefit; belief in the universality of man without prejudice against any race, creed or nationality; a constant striving for perfection even though it is not attainable; and a positive approach to the problems of life.

Dr. Stewart was introduced by Earl Miller, Program chairman.

The couple was attended by Benny Secor, son of the bride, and Virginia Johnston.

For the past several years, Mrs. Secor has been an instructor in the White Hall high school.

Word has been received here of the marriage of Betty Linder, daughter of Mr. and Mrs. Stewart Linder and granddaughter of Frank Bridgewater of this city, to Roy Vernon Livingston. The ceremony took place March 27 at the Methodist church in Hollywood, California.

MacMurray College will celebrate Easter with two special campus events. A sunrise service will be held at 6:30 a.m. on the lawn in front of McClelland hall at which Dean Roma N. Hawkins will give the meditation and a group from the college choir will sing. Patsy Cameron of Kansas City, Mo., is in charge of the program.

"The Magdalene," an Easter play in three scenes, will be presented in the College Little theater at 7:30 p.m. The production is sponsored by the Methodist Student Fellowship, and the cast includes students from MacMurray and Illinois College.

The plot is built around the colorful personality of Mary Magdalene and concerns the arrest and trial, crucifixion and resurrection of Christ.

The public is invited to attend both these events.

ROGER THE LODGER

By Elizabeth R. Roberts

COPYRIGHT BY GREENBERG PUBLISHER DISTRIBUTED BY MEA SERVICE, INC.

THE STORY: Mr. and Mrs. Roberts' lodgers, including Roger, create new problems as they come to make the Roberts' home, the home. But escape the guests, especially Captain Dick Morgan's, family, enjoy the yard so well. Mrs. Roberts feels that her home is being appreciated—in spite of her many headaches.

XXIV
OUR garden was so appreciated that summer, and such a lot of young people spilled over and brought picnic suppers with them which also spilled over, that we decided we needed some outdoor cooking equipment. It would save us a lot of tramping in and out of the house for coffee, salt and pepper, mayonnaise, paper plates, paper napkins, ice—all the thousand things which picknicking requires and which are remembered one at a time. So we got a rolling barbecue grill on which the coffee could be made out of doors. potatoes baked or a casserole heated, and even steaks or chickens or chops or hamburger broiled.

Then we dreamt up a chuck wagon or sort of mobile kitchen cabinet and serving table combination, and called our neighborhood handyman in to build it. The carpenter's version, built to my specifications, took on the precise shape and proportions of a piano box. There were wheels at one end and long handles protruding from the other.

At first it looked like a monstrous wheel-barrow. But by the time I had painted the front and back white, so the deal Bulgarian figures would stand out; the wheels and handles, black; the inside yellow and white; and applied the over-all pattern: a decal border of flowers, fruits, saucy vegetables, and little figures, it could have been entered in any class of art. Personally, though prejudiced by a hundred dollars cash outlay, several nights of lost sleep while planning it, and several days of work decorating it, I thought it looked like a ravishing Old Country barrel organ.

ROGER thought the barbecue so absolutely out of this world that one exposure to it of the Russians stationed in Great Falls to oversee Russia's Lend-Lease, would so amalgamate U.S.-Russian relations that it was our duty, if nothing more agreeable, to have them for a supper in the garden. "Just highballs first and then broiled chickens and a casserole and salad bowl and homemade ice cream and coffee," he said. "Something easy like that. They're musical. Better have Rob bring home Shostakovich's new symphony. Be a nice touch."

"How many of them will there be?" I asked, ignoring the touch.

"There's be Colonel Bolovitch and Colonel Kolovitch and Colonel Dolovitch. And their wives, of course."

"That's six," I tallied. "Rob and you and me. That's nine."

"We'll have to have their interpreter. Colonel Bolovitch speaks a little English, but the others don't know a word. We couldn't possibly manage without the interpreter."

"That's ten."

"Well, yes, but you see the interpreter has a girl friend. We've got to include her. He's going to have a rough evening passing the conversation around for so many people, anyway. He ought to have some fun out of it."

Roger went on, "It doesn't sound very courteous, not having the colonel from the Base."

"What colonel? We have three already."

"I mean Colonel Cartwright, the new C.O. He'll hear of the party—he works with the Russians—and he'd be an addition, anyway. He'll help talk to them."

"He speaks Russian?"

"No. But he knows how to make signs. He's used to it."

"All right. That's twelve," I said with finality.

"Colonel Cartwright's wife," Roger rebuked me.

"Thirteen, then."

"You can't have thirteen. Someone might be superstitious. I'll ask a girl to make fourteen."

"Fourteen and no more," I said firmly.

"Roger," Roger answered, "I'll do the inviting tomorrow."

This Cat's No Sourpuss

"Tiger" belies his name and proves he's a right civilized cat by giving a warm, friendly welcome to "Whitley," the white rat. Mrs. Stella Kasprovicz, of Newark, N. J., owns Tiger. A child recently left the rat on a nearby doorstep with a note, asking the finder to care for it. The rat was turned over to the police, but Mrs. Kasprovicz volunteered to take it into her home, and, strangely enough, Tiger offered no objection.

Saer History Is Touchy Subject

Berlin.—(P)—The Saer was an important industrial center of Germany, second only to the Ruhr, before it was merged "economically" with France last year. Today treatment of its turbulent history is a delicate matter—in the Saer state. A book was published recently in its capital city, Saarbrücken, the Berlin press reports. It claimed to cover all historical events, including the Saer's plebiscite for Germany in 1935 and its economic merger with France. The Saarbrücken newspaper "Neue Zeit" reviewed the Saer history as depicted in this book and made an astounding discovery: the word "German" had been used three times in the whole book.
